Selectmen doubt price realistic for added police protection

The Bethel Board of Selectmen Monday night told the leaders of a petition drive for added police protection in town that their calculation of costs was way too low.

The petition, signed by 157 people, seeks a special town meeting to ask voters whether they will authorize an additional \$22,000 to pay for doubled police protection plus additional police equipment. The selectmen said the \$22,000 would not begin to cover all the increased protection sought in the petitioned warrant article.

"That 22,000 [dollar] figure should be around 36 [thousand], conservatively speaking," said Selectman Pat Dooen.

Town Manager Rodney Lynch said some of the costs not calculated by the petitioners are workers' comp, social security, unemployment, more rapid depreciation of the cruiser, and the need for sending the second full-time police officer to the state police academy.

Believing the cost figure of the petition to be out of line with the services asked for, the selectmen said they were at a loss as to how to bring the issue to a vote of the people. There was some sentiment to change the wording of the petition, but Selectman Arthur Gilbert was against that. "What about the people who signed it," he pointed out. "They expected it [the petition] to be on the warrant [as written]."

On the other hand, Diana Walker, of West Bethel, who drafted the petition, said she would be amenable to having the wording changed. "I didn't realize that

[petition] would be the warrant [article]," she said.

Chairman Arlan Jodrey said the warrant could be written as the petitioners suggested and then voted down, leaving the way clear for a second warrant article. "It should go to the voters as is [even though] it won't work," he said.

Selectman Dooen added, "I think it's up to us to notify the public it won't work as written."

Mrs. Dooen also expressed some skepticism about the need for added police protection at all, saying that the town does not have the serious law and order problems some other towns have. "I know the kids are hanging out at the head of the street," she said, "but also, if you fell down in the street at night, the kids would be pretty quick to help."

The selectmen decided not to set a date yet for the special town meeting sought by the petitioners. (They have 60 days from receipt of the petition to set a date for a town meeting.) Rather, by a 5-0 vote, they acknowledged receipt of the petition and instructed the town manager to calculate the real costs of doubling the present police protection.

Over 200 hired at Boise Cascade

Over 200 new workers have been hired by Boise Cascade, in Rumford, to replace striking paperworkers. The hirings began two weeks ago.

To date, the #15 papermaking machine has been staffed with new workers, and new workers are being assigned to the woodyard and the woodroom, according to company spokesman Gary Guimond. "We'll work down through the entire mill [with new hires]," he told The Citizen. He added, however, "Our first preference is to have our own folks back." He was referring to the nearly 1,200 striking members of Local #903 of the United Paperworkers International Union who walked off their jobs July 1 rather than extend the contract talks then underway.

Union officials have since said they would like to return to their jobs and continue the negotiations on a new contract. The company, on the other hand, has taken the line that the talks were at impasse and therefore a "final offer" was unilaterally implemented, giving the company more control over its workforce.

The National Labor Relations Board is expected to rule next week on a union charge that the talks were not at impasse. If the NLRB agrees that the talks were not at impasse, Boise's hiring of new workers would be illegal. Union President Don Barker said he is certain the NLRB will come to that decision. Boise spokesman Guimond said he is certain the NLRB will agree with the company that the talks were at impasse and therefore hiring new employees was the only way to keep the mill operating.

The company has already accepted over 1,800 applications from job applicants and is currently recruiting in Bangor, Montpelier, Vt., Albany, N.Y., Springfield, Mass., and Portsmouth, N.H.

Meanwhile, rumors of a petition drive by rank-and-file paperworkers to seek a new vote on Boise's final offer were termed just that—"rumors"—by President Barker. A striking worker said, however, "Most of the guys would vote to go back. They see that Boise won't budge."

Violence connected with the strike continued to grow. A mill worker moved from Mexico to Bethel after he was roughed up outside his trailer. His trailer was torn up and "scab" was painted on the walls. Another worker reported finding the severed head of the family's pet cat outside their front door one morning.

Directors' meeting

The Board of Directors of SAD #44 met in regular session in the library at Telstar Regional High School on Monday evening of this week.

The board approved the implementation of a grant to be administered by Mr. and Mrs. William Graham for the promotion of the writing skills of students 4 to 14 years of age. The administrators of the project are to make a written report and oral presentation to the board of directors in December and June of each year the grant is in place. SAD #44 is to receive \$5,000 from the Bread Loaf School of English at Middlebury (Vt.) College in each of the fiscal years (1987, 1988, and 1989).

The directors accepted the resignation of Brian Flynn as a teacher of secondary English at Telstar Regional High School, effective immediately. Mr. Flynn has accepted a position at Lisbon High School. Coming to SAD #44 as assistant principal of Telstar in 1969, he also served as principal, and has been an instructor of English since September of 1977.

Further changes in the "Student Discipline Policy, Extra-Curricular Rules and Regulations," resulted in a vote granting initial approval for the latest revision. The directors will be requested to take action on final approval on the policy at their Sept. 8 meeting.

TELSTAR MUSIC BOOSTER FUND RAISING

Harry Davis, chairman of fund raising for the recently formed Telstar Music Boosters, has a major undertaking to look forward to as he tries to raise adequate funds to put the Telstar Marching Band back onto to some of Maine's Main Streets. According to Mr. Davis this is an urgent need to raise very substantial funds to bring the Telstar Music Department up to standards commensurate with the current level of interest in music at Telstar. Among the top priorities are the uniforming of the recently formed color guard and flag corps and the purchase of badly needed percussion equipment and marching band instruments.

The fund raising will take a variety of forms from direct solicitation of voluntary contributions to the present activity, a coupon book featuring offers from

Local dairymen cautious about nationwide strike

With a national dairymen's strike looming this coming Monday, local dairymen seem to be taking a wait-and-see attitude.

Harry Hutchinson, of East Bethel, said, "I'd have to look into it more. I really don't know which way I would go."

Mr. Hutchinson said he had originally planned to go to a statewide dairymen's meeting in Augusta yesterday (Tuesday), but decided at the last minute to skip it in order to get his second cutting of hay in before the rains, predicted for today, came.

Tim Carter, of East Bethel, did go to the Augusta meeting. Sonny Hastings, also of East Bethel, said Carter was not in favor of the strike and was going to try to talk some sense into the other farmers at the meeting.

The organizers of the planned nationwide strike say the federally guaranteed floor price for raw milk—\$11 per hundred pounds—is way too low. They want it raised to \$23 per hundred pounds. In practice, the floor price is the usual price paid milk producers by the milk companies.

Dairymen Hastings says he receives just \$11 per hundred pounds for his milk. Nevertheless, he is not in favor of the strike. "I suspect it's some radicals [behind it]," he said.

The fourth local dairymen—Brian Blake—could not be reached for his views.

Those farmers in other parts of the state planning to take part in the strike say they will dump their milk down the drain rather than sell it. Observed Mr. Hastings: "Something's going to happen. It's going to be interesting to see."

local and out-of-town businesses. "Businesses that have been contacted so far have been very willing to take part in the project and there are people who have already asked to have coupon books reserved for themselves," stated Mr. Davis.

SECOND PUBLIC HEARING ON TOWN OF BETHEL COMPREHENSIVE PLAN - 1986

The Town of Bethel Planning Board will hold a second public hearing on the "Town of Bethel Comprehensive Plan - 1986" on Wednesday, September 3, 1986 at 7:00 P.M. in the Basement Meeting Room of the West Bethel Union Church, West Bethel. The 1986 Plan revises and updates the current 1979 Comprehensive Plan. Copies of the Plan are available at the Town Office, 10 Main Street, Bethel, 8:00 A.M.-5:00 P.M., Monday-Friday; 824-2669.

SITTING AND WAITING: These Local 900 paperworkers continue to picket the Boise Cascade mill in Rumford 24 hours a day as the strike against the paper mill enters its third month. Striker Gary Morrison, left, of Rumford, says he is prepared to stay on strike "as long as it takes." Meanwhile, union president Don Barker says the fact that Boise is hiring new workers to replace the strikers makes the situation increasingly serious. "We're going to have to take a harder line," he said. He expects that the NLRB will soon rule that the negotiations between Boise and the paperworkers are not at "impasse" (as claimed by management), and therefore the company has no right to stop negotiating or to hire replacement workers.

What price protection

The Bethel selectmen Monday night accepted a petition request for a special town meeting to discuss doubling the police protection in town. They did not set a date for the meeting, but they have 60 days to do so and gave every indication that they will set a date to let voters decide the issue.

They pointed out that the \$22,000 price tag given by the petitioners would not cover the services being requested. Selectman Pat Dooen figured the additional cost to the town at about \$36,000. (The current police budget is \$31,091 and pays for one full-time officer and two part-time officers.)

As everyone knows, there is no utopia in this world. Even small towns like Bethel have their share of disturbances. Mostly these consist of domestic incidents, recklessness with motor vehicles, mischievousness and an occasional break-in or robbery.

In debating the question of whether or not to double the police protection currently available, some questions to be answered should be: If police protection is doubled, will disturbances in town be halved? If the town is going to spend additional tax money to further control disturbances, might it be better to spend the money on promoting activities for teens and young adults in the summer when there's lots of restless energy? If the town police force is doubled, will the town receive less attention from county deputies and state troopers (similar to the situation facing Rumford)?

Protection is one of the basic services town government provides taxpayers, and it is good to hold a discussion on how much protection is warranted. Hopefully the discussion will be broad enough to take in the above questions and more.

Rotary Club notes

On Monday, Aug. 18, the Bethel Rotary Club was host to the dinner/social honoring the District Governor, Joe Hahn, and his wife, Helen. The gala affair was held at the Bethel Inn and was attended by members and wives of the Rumford and Oxford Hills Rotary Clubs.

Each year the elected District Governor is committed to visit every club in the District for the purpose of evaluating each club's programs and objectives and to also inform the membership of his personal goals for the District.

Bethel Rotary Club President Dave Preble introduced members at the head table which included the District Governor and his wife, and the presidents and their wives of the Rumford and Oxford Hills Rotary Clubs. Gifts were presented to the District Governor at this time.

The District Governor's speech was, as planned, a brief overview of his visits to date of the Canadian clubs. Governor Joe also talked about the Samantha Smith Foundation and expressed his personal interest in the organization. All clubs are being urged to contribute monetarily to this cause. Governor Joe is dedicated to the humanitarian goals of Rotary and he stressed the needs of the deprived and the suffering in world areas. Rotary International donates many millions to this cause every year. The address was thoroughly enjoyed by the assembly.

On Tuesday, Aug. 19, the luncheon meeting was held at the Sudbury Inn. Governor Joe was guest of honor. Other visiting Rotarians were Bill Lowther, Boonton, N.J.; Chas. Feld, Marco Island, Fla.; El Stausebach and Gil Robinson, Wilmington, Del.; and Rubie, guest of Romeo Baker, from Portland, Ore.

The District Governor gave a most inspiring speech to the membership which highlighted the value of Rotary to the individual, the placing of service above self and the goals and programs of Rotary. The great need to provide hope to the deprived in many parts of the world by providing health care, immunization, water wells, and purification and other aid and assistance was discussed. He asked for the full support of everyone so that he will be able to accomplish his goals this year. At this time he also talked about the admittance of women into

Rotary which may be permitted on an individual club basis in the near future. Court actions are presently in process in this matter. After the regular meeting, Governor Joe reviewed the plans and objectives of the directors of the four avenues of service.

On Aug. 26, the Bethel Rotary Club held its regular luncheon meeting at the Sudbury Inn.

Visiting Rotarians and guests joining with the club were: Bill Lowther, Boonton, N.J.; Chas. Feld, Marco Island, Fla.; Gil Robinson and El Stausebach, Wilmington, Del.; Ira Pitcher, Lewisville, N.C.; Chapin Cutler, Palo Alto, Calif.; Fred Collins, Oxford Hills; Dexter Landers, Northfield, Vt.; Butch Dickerson, Clinton, Mass.; and guests, Bryce and Barbara Yates, Jo Stevens, Bethel; Kaye and Otto Blossie, Florida, and Bob Chadbourn, Bethel.

Rotary Information was given by Bill Clough. The information was general in nature about how to make good use of human hair. Stan Fox claims that the demand for hair exceeds the supply. It is being used to keep deer out of the garden.

Bruce Powell, the raffle specialist, came up with a repeat winner in the person of Roger Conant.

The program chairman was Romeo Baker. His guest speaker was Charles Jackson, a teacher at Old Dominion University. He gave a slide presentation and talk about testing, training, and motivation programs used by Old Dominion to inspire athletes to give peak performances.

Rotary's board of directors will meet next Tuesday morning at 7 a.m. at the Casco Bank. Be there!

BOILER ROOM FOR SALE

The Boiler Room Restaurant, in Bryant Pond, was put up for sale last week. Owners Joe and Louise Robiller say they are selling the restaurant in order to get money to pay the latter's medical bills. Louise Robiller was recently diagnosed as having cancer and will begin treatment shortly, the couple said.

The 130-seat restaurant is located in a former clothespin mill built in the 1920s. The restaurant still houses the oldest steam engine in the state.

The Robillers began converting the mill into a fine continental restaurant 10½ years ago. They opened for business seven years ago and have built up a loyal clientele.

Late last month the Robillers sold the adjacent Lake Christopher Condominiums.

TELSTAR MUSIC BOOSTERS FORMED

The Telstar band director, Harry Davis, has announced the recent formation of an official booster organization to promote and assist the music department activities at Telstar. A group of parents were selected to act as an interim board to set up a more permanent organization complete with permanent officers to be elected some time in October.

The first action of the interim board was the appointment of Mrs. Melinda Remington to research and develop an appropriate set of guidelines for the election of officers and the operation of the organization.

The interim board also appointed Harry Davis as chairman of the current booster fund raising effort.

VALENTINE REUNION

The descendants of David and Alice Shields Vail held their family reunion on Aug. 3, at the Lone Pine Camping Area in Newry with 34 members attending.

The attendance was very small due to the threat of rain which kept most of the out-of-state members from venturing to Maine. However, there were four members from the Littlefield family attending from as far away as St. Thomas in the Virgin Islands. The one traveling the farthest distance in the continental United States was John Clifford from Virginia.

A homemade afghan was donated by Marion Parsons and won by Robert Colby. There were two woolen hats made and donated by Eleanor Parsons. Both of these were received by Mike Parsons. In addition, there was a cash door prize which Addie Colby received. Also, there was a cash prize given to Francis Vail, Jr., for guessing the closest to the number of candy pieces in a gallon jar.

The following members and guests were in attendance: Merle Beausoleil, Elaine and Myles Roberts, Marlon and Mike Parsons, Jack and Eleanor Parsons, George and Peter Parsons, Tom and Diane Parsons, Joyce, Ernest and John Clifford, Janice and Allison Black, June and Lee Swan, Jo Ann, Randy and Jason Swan, Addie, Robert and Rita Colby, Marilyn and Walter Enman, Lois Royer, Francis Vail, Sr., Eloise and Francis Vail, Jr., Neil and Martha Littlefield, Chris and Valerie Littlefield, Warren Parsons and Ed Bennett.

Willard and Elizabeth Bicket

To honor Lovell minister on 50th anniversary of ordination

The Rev. Willard A. Bicket of Lovell will be honored for 50 years in the ordained ministry. A service in celebration of Mr. Bicket, on his 50th ordination anniversary, will be held at the Lovell United Church of Christ, Center Lovell, on Sunday, Sept. 7, at 7 p.m. It is open to the public.

Mr. Bicket, a retired pastor of the United Church of Christ, was born in 1911 in Weiser, Idaho. He studied for the ministry at Andover Newton Theological Seminary and was ordained to his first parish in Hookset, N.H., on Sept. 20, 1936. He pastored the Oxford County United Parish (the churches of Lovell, Stoneham, Albany, Waterford and North Waterford) from 1939-1942. He served as an U.S. Army chaplain, stationed in the Mediterranean (North Africa and Italy) from 1942-1946. After receiving his honorable discharge, Mr. Bicket pastored a church in Rutland, Mass., until 1953, and then the Congregational Church in Plainfield, N.J., until 1977.

Mr. Bicket and his wife Betty "retired" to Lovell where he served the Sweden Community Church for seven years. Mr. Bicket is a member of the committee that distributes the Lovell Coe Fund (which finances scholarships and community projects). He is a member of the Board of Directors of Oxford County Community Services and was recently elected to the National Board of Directors of Veterans for Peace (an organization he helped found).

Greenwood edges Rowe Hill, 2 of 3, for softball crown

The Greenwood softball team came from behind to catch, and pass, Rowe Hill in the best-of-three championship games Sunday at the Greenwood field.

The scores of the three games played were: game one, 12-8, favor of Rowe Hill; game two, 11-8, favor of Greenwood; game three, 11-10, favor of Greenwood.

Rowe Hill led Greenwood in the final game, until the latter tied it up, 10-10 in the ninth inning. Then, with two out and Dan Stearns on third, Tom Reed laced a single up the middle to score the winning run.

Greenwood was the runner-up team during regular season play, with a 13-7 record. White's Marina had the best season record, at 16-4. But then they lost both playoff games, putting them out of contention.

The other Northern Oxford County Softball League teams that finished the season were Rowe Hill, Bethel Merchants, and Andover. Bethel Inn and Sudbury Inn fielded teams at the beginning of the season but didn't make it to the end. Nevertheless, league spokesman Butch Fuller considered it one of the better seasons in terms of participation and enthusiasm.

The following personnel were approved: Wanda Johnson, instructional aide, special education composite room, Woodstock Elementary School; Mary Morgan, secretary, Crescent Park School; Pamela Konkright, bus driver; Steve Crone, alpine ski coach; Eve Mills, Carolyn Johnson, and Carol Hathaway, substitute bus drivers. Any action on the appointment of a food service worker was tabled until the next board meeting.

Approved as substitute teachers were: Kathleen Bennett, Gail M. Buker, Sarah Craig, Steve Crone, Ellen Greeke, Arlene Greenleaf, Kenneth Hamel, Sean Kersey, Barbara Lewis, James Lowe, Linda Olson, Jean Reynolds, Arla Sundstrom, Debra Seames, J. Susan Wight, and Lee Barth. Teachers in the Adult and Community Education Program were approved for the fall term.

The directors awarded the bond anticipation note for the Woodstock School building project to the Casco Northern Bank at an annual rate of 4.49 percent. The board approved an increase from \$1.25 to \$1.30 in the price of adult hot lunches effective Sept. 2.

To keep SAD #44 in compliance with federal law, the directors approved a "Formal Written Policy for Chapter I Parent Involvement."

As bids received for work at the transportation garage and for installation of a doorway at the Ethel Bisbee School well over the amount budgeted, the decision was made to postpone the work at

SELECTMEN DOUBT

continued from Page One

The selectmen's meeting was a rescheduled session after last week's session had to be cancelled for lack of a quorum.

In other business, the selectmen heard a report from Cathy Newell, director of the SAD #44 Adult and Community Education office, on plans for setting up a local access channel on the Bethel Cablevision system. The channel would be headquartered at the high school and could be used to broadcast tapes of local government board meetings, high school and community sports events, candidate nights, etc., she said.

As part of the original contract between the cable company and the Town of Bethel, the cable company agreed to provide a local access channel for use of the community and to set aside \$5,000 in order to fund start-up costs for the channel. The money, placed in an escrow account, is under the control of the selectmen, and that is why Mrs. Newell made her presentation to the board. She said she will present a detailed proposal shortly, after she investigates how the Town of Scarborough set up its local access channel.

The selectmen voted 4-1 (with Chairman Jodrey opposed) to endorse the move of the Water District trustees to have new customers pay the entire cost of new hook-ups. Formerly, the water district would pay for the line and the water meter, charging the customer only for the line from the gate to the house. Under the new rules, the customer will have to pay for any extension from the existing main.

Distict Superintendent Don Katlin told the board: "[Now] the [existing] customers are paying for the new people coming on the line." This was unfair to the present users, he said.

Mr. Jodrey thought it was unfair for the water district to charge a new customer the entire cost of the connection and then, on top of that, bill the customer for the water he uses. However, the majority of the selectmen thought it was up to the potential customer to decide whether town water was worth the cost of hooking up to it.

After extensive discussion, the selectmen decided to do minimal repairs to the town's 1972 International dump truck in order to try to keep it on the road. The other options were to do extensive repairs, including rebuilding the transmission and the rear end (at a total cost of \$5,394), or to call a special town meeting to seek authorization to borrow money to purchase a new truck.

On a 3-2 vote (with selectmen Jodrey and Gilbert opposed) the board decided to repair the front springs and steering box and see if the truck could be kept going. Sponsored by Selectman Vic

Notes from Adult & Community Education

Cathy Newell, director of Adult and Community Education, announced that there will be a record 85 course offerings in the Fall Program brochure, which will be mailed to SAD #44 residents Sept. 5. Registrations will be accepted for fall courses starting Monday, Sept. 8, at the Adult Education office at Telstar Regional High School. Call 824-2780.

The office will be open weekdays, from 8 a.m. to 4 p.m., with evening hours on Sept. 11 and 16. Adults wishing to enroll in high school completion courses this fall may contact the office immediately so that the initial intake process may be completed prior to the start of classes.

Mrs. Newell also announced that there will be several new courses this fall, including the all-terrain vehicle training course, which is being instituted in response to recent state legislation. The SAD #44 Adult and Community Education program has been selected as a pilot site for a course developed by the Maine State Housing Authority, "Introduction to Home-Buying." The course will be offered this fall in six locations throughout the state, and will then be implemented state-wide. The Housing Authority has secured the services of area professionals to act as resources for the local courses. The SAD #44 course will be coordinated by Robert Crane and will include sessions by an appraiser, an attorney and a banker.

Ann Holt, of the Telstar faculty, who has taught adult education courses for many years, and Mrs. Newell participated as members of the Maine Association for Public School Adult Education team assisting WCBB with its pledge week campaign. WCBB has an active role with Maine's adult educators in carrying the Kentucky Educational Television GED Preparation series set to begin in October, and in the corporate partnership with ABC-Channel 8, in Project Literacy US, which will continue throughout the 1986-87 school year. Adult educators participated in Pledge Week at Channel 10 on MAPSAE night Friday, and PLUS night on Saturday.

Coolidge and seconded by Selectman Doen, the motion suggested that if the truck fails, the plowing of the Flat Road could be done by the putting the plow onto the sand truck.

In addition to needing extensive mechanical repairs, the dump truck also has a bent frame, caused last winter when the piston failed and the bed came crashing down onto the frame.

Although the selectmen had included a new truck in this year's budget proposal, it was removed by the Budget Committee last spring.

By LAURA HUTCHINS

Another beautiful day (Thursday) with a foggy start this morning. The day is nearly done, as I write, and clouds are making darkness descend early tonight. A nice breeze has been prevalent most of the day and is cooling the temperature down now.

Mrs. Fred Hodgkins, with children Adrienne and Josh, of Norway, spent several days last week visiting at the home of Mr. and Mrs. David Hutchins and family in Andover. They also visited other relatives while in town.

Mr. and Mrs. Raymond Hutchins hosted a family gathering on Saturday, Aug. 16, at their home in Andover. Barbecued chicken, roasted corn, homemade ice cream, and many other goodies were enjoyed by all. Just as plates were filled, the rain began in earnest, so the gathering moved onto the porch from the picnic tables. Attending were: Mr. and Mrs. Bernard Hutchins, Mr. and Mrs. Harold Hutchins and Shelly, all of East Andover; Mrs. Gloria Donahue of Florida; Mr. and Mrs. Fred Hodgkins, Adrienne and Joshua, of Norway; Mr. and Mrs. David Hutchins, Gwen, Vicki and Andrew of Andover; the host and hostess and their children, Jennifer and Justin.

Mr. and Mrs. Robert Cuff and children, who have been stationed in Germany, arrived this week for a visit with her parents, Mr. and Mrs. Wilbur Chenery, in East Andover.

The garden is doing well now. We've had string beans, carrots, cauliflower, and broccoli, and tonight—our first corn. The string beans seem to come ahead so fast, that an abundance was ready for freezing on Sunday, as well as cauliflower. In the afternoon, Bernard and I went in quest of blackberries and came home with about two quarts.

Mr. and Mrs. Carl Glover of Belfast arrived Monday to visit his brother, Howard Glover, in East Andover, where they were overnight guests. They left on Tuesday.

Mrs. Gloria Donahue left here Tuesday morning for Rutland, Vt., to visit friends prior to her return to Florida.

The Ladies Aid Society of the First Congregational Church met at the Christian Education Building on Tuesday, Aug. 19. A short business meeting was held. Members signed two birthday cards. Following the business meeting, a delicious luncheon of salads, cold cuts, deviled eggs, hot breads and a special cake made and decorated by Betsey White, was enjoyed by nine members for 42 guests from churches in Locke Mills, Bethel, Upton, Rumford and Rumford Point. Following the luncheon, the group sang hymns in the sanctuary to the able accompaniment of pianist Mary Valentine of Bethel. Rev. Marjorie Churchill then gave a narrative of some of her work and time with Dr. Margaret Mead. Many of the guests enjoyed a tour of the new kitchen and some toured the upstairs Sunday School rooms and new meeting room over the kitchen. It was such a nice day for greeting old friends and meeting

Another Friday and it now looks as though the sun would shine. I am always thankful for what good weather we get as I feel the best, then. It seems rather lonesome around without Tom with us after the good visit we had with him. He was around a lot while home this time and we had a good time playing Trionomoes most nights. It sure helped make the evenings pass quicker and the company was good and cheery. I got tired but had a good time just the same. Hope all is going well with him back in Colorado. He left a week ago yesterday and I expect he is busy getting ready to move to a new location out there. I wish him lots of luck.

Got busy a week ago today studying on the skit that Russell, Peggy and I were to put on for the variety show that the Tri-Town folks had lined up. Russell had volunteered to do a humorous monologue and for the three of us to do a skit. The programs for both the 16th and 17th were good. Band music, magic tricks, dancing, singing and all the rest of the acts were appreciated by the folks who came. I hope they got enough money to really help as it is such a worthy cause. Any one of us might need their help at any time and I am sure they will be there for us. That is why we volunteered to do what little we could to help out with the program.

Aug. 15, my daughter came to call and brought Karliann with her. It was her birthday and I wanted to do some little thing for her. Courtney stayed at the babysitter's to enjoy the birthday party she was invited to attend. I got lunch here and then Wynona and I, along with Karliann went shopping. It seems that everyone needs new clothes and never have enough. Found a few good bargains so took advantage of them.

Mr. and Mrs. Bernad White of Auburn called on her mother, Peggy Blake Aug. 16. Peggy talked them into coming to the variety show that night. Bryce and Barbara Yates, Otto and Kaye Blossiey, who were spending some time in Maine, came, also. Peggy said her youngest daughter, Loretta Merrill and husband Emerson were there, also. We hope all enjoyed the show. The folks playing the Disney characters must have been hot in their costumes but they added a lot for the children.

I'm afraid I didn't do too much on Sunday but rest and think about how good we did or didn't do for the show. We enjoyed what we saw and hope it was a great success.

Started the week right by having to go to keep my appointment with my doctor in North Bridton. It is a weekly trip for me and it was time for allergy shots again. Wynona came to take me to help babysit while she took Karliann to a clinic on Tuesday. It seems to be hard for her to find babysitters in Lewiston. One would think there would be plenty in a city of that size but that doesn't seem to be the case. She is having a hard time to find someone to sit with the girls in the evening while she teaches school and does her other duties as director of the

adult education program. They are having registration now and she says there are a lot of folks coming to take courses to help them. It sure keeps her busy and to have jury duty at the same time makes it hard on her and the girls.

Helped out what I could and Wynona brought me home on Wednesday. We stopped and had lunch at what used to be Goodwin's. Got home to find Russell up in the garden picking beans. He and I fixed them and gave them to Lawrence and Grace. We are sharing them this year. It is larger but haven't gotten any more from it as the bugs and insects have been so bad this summer. Where they all come from, no one knows but they have been a problem.

Did a little cooking Thursday so Russell could have some goodies to eat. He works outside so much that he gets a larger appetite than I do and goodies some times. I hear so many people they can't lose weight but they should try going without milk, eggs, peanut butter, chocolate, nuts and a few other things and they will find they can lose some of the pounds they would like to. Of course, after a while it doesn't come off so much and one stays at about the same weight but it sure helps keep one slimmer. Those are the things I was told not to eat where I have asthma. Orange juice was another item to leave alone. I don't seem to be losing weight now but have taken off more than 20 pounds since I started leaving these items alone over a year ago. If one starts reading labels, they find so many things that contain wheat, it is unbelievable. I didn't realize all the things that have wheat in them but sure do now.

Russell and I went to Grange at West Paris last night and enjoyed the evening. It was past lecturers' night so there were many folks from different Granges there. The program was good with music, a game and a quiz and instrumental music as well as singing. It is always good to meet folks from different Granges to see what they are doing.

West Paris Grange is still working to reach their goal of putting in a chair lift at the hall. They are working hard at a number of things to accomplish this task. Items were taken to the flea market last week, adding a nice sum of money to the fund. Next Saturday night, Aug. 30, there will be a dance at the Grange Hall to raise more money to help the cause. The dance will start at 8 o'clock and run until midnight. Their last dance was a good success and hopefully, this one will be, also. They are still collecting papers at the dump and storing them until they can sell them this fall. They also accept papers given to them that are tied up and delivered or if one has a lot, enough to make it worth while, they will come for them. At the dance on Aug. 30, they will

have refreshments on sale as they did at the last dance. Another thing, the Grange is planning to have another food sale some time in the future, before Christmas. West Paris Grange had an exhibit at Waterford Fair and took second place. They will be showing an exhibit at the Oxford County Fair and hope to be able to do the same at Fryeburg Fair. These exhibits show what the Grange is about and helps them if they win one of the prizes. They will be selling chances on a quilt in the winter but want the quilt for display at the fairs at the present time. If I find out more about the goings-on of the West Paris Grange, I will gladly put it in the paper. They are working degrees on eight new members Aug. 27 and the new members will be helpful.

I think I have covered the most of what West Paris Grange is doing at the moment and it is time to get busy and see what I can accomplish for myself today so will call this enough. Take care and have a good week, one and all.

- Some towns and cities are promoting the installation of fire sprinkler systems in new homes and apartments, which can cost \$1,500 to \$2,000 to a standard house. As a cost trade off, some communities are relaxing other areas of building codes.
- When ceramic tiles get dull, the problem can be worn off glass, or just a film of soap suds. Ammonia and water for vinegar and water should clean off suds. If it's still dull, apply clear sealer to tie and gloss.
- Library ladder lets you use high-up out of the way space for storage. Ladder slides on an easy to install rod.
- The look of old fashioned sculptured plaster is now available in embossed trim that can be applied to any wall. Classic designs of urns, leaves and swags are featured.

Judith and Charles Packer, Avon, Conn., spent the weekend with Mr. and Mrs. Nicholas Clements.

Saturday, Marta Clements and Mr. and Mrs. Charles Packer were in Belfast visiting relatives.

Sunday, Mr. and Mrs. Nicholas Clements, Eric and friend, Linda Lowe, and Mr. and Mrs. Charles Packer, attended the Clements reunion at La Grange. There were 51 present. This was held at the home of Mr. and Mrs. John Gray's.

Mr. and Mrs. Jeffrey Brazier are receiving congratulations on the birth of their second baby, Elijah John, at Searsport. Jeffery is a nephew of Nicholas Clement. Lourdes Brazier and baby will be home soon.

Esther and Olive Davis were in South Harpswell Sunday, and also at Lands End on Bailey's Island. It had been changed so much since the early '70s. We used to make a trip down to Bailey's Island every year. We called on Velma Davis at the Mere Point nursing home before returning home. We had a nice outing.

Jim Miclon has set a flagpole in front of his home and has placed the Maine flag and the U.S. flag above it. They are very pretty on the breeze. It can be seen from the road across the flat. Felix Otero-Otero and son, Ethan, and Dick Roy are trying to get my house painted. The weather has never been any help as it rains so much. By the time it dries out it rains again.

Vera Buck took care of her great grandchild several days last week. Leon Poland Jr. is going to put a septic tank by the former Frank Davis house as soon as all the red tape can be taken off.

Mr. and Mrs. Michael Niro (nee Jane Hathaway) are receiving congratulations on the birth of a son, Dana Hathaway Niro, on July 28. He weighed 6 lbs., 3 ozs. Aug. 21, Subject: Christ Jesus. Golden Text: John 5:26, 27— as the Father hath life in himself; so hath he given to the Son to have life in himself; and hath given him authority to execute judgement also, because he is the Son of man.

One of the tables that belongs to the Willing Workers has been ruined. It was voted not to let them out of our building, but being generous, we have done it. Why don't we wake up, and protect our own property, and follow what we voted to do?

Joe Pye weed, turtle heads, golden rod and a few asters grew along the way. All these autumn flowers I could not believe! The turtle head is more odd and strange than pretty. Its common name seems fairly appropriate.

"Joe Pye" in deep purple gives intense hue, which heralds the coming of autumn.

Golden rod bloomed in the pasture and along the walls.

But perhaps the biggest surprise of all, were the Fiddlers. I heard only the

Notes from the

Woodstock Historical Society

Here is a description of a late evening at a British Inn:

"By this time toasts and speeches had given place to songs... Men were putting their heads together in twos and threes, telling good stories... Some were beginning to look as if they did not know how they had come there, what they had come for, or how they were going to get home again; and sat with a somewhat dazed smile;... the heads of a few who had dined with extreme thoroughness were somehow sinking into their shoulders."

—Thomas Hardy

Thanks to the library for a picture of the Dudley house.

Remember to visit the Woodstock Museum from 1-4 p.m. on Saturday. Attendance has been excellent so far this summer. The society has many products for sale and the exhibits are more substantial. You can get a good sense of the history of the town and surrounding area from your tour.

The following are now helping to watch the museum: Mr. and Mrs. Robert Billings, Annie Crockett, Verna Swan, Rev. and Mrs. Roland Lord, Mr. and Mrs. Mansfield Packard, Mr. and Mrs. Earle Noyes and Elena, Mr. and Mrs. Ray Burnham, Kay McAllister, and Ruth Cox. Much thanks for their help.

Bethel Ambulance personnel work over the surviving victim of Monday's Rte. 2 car crash before loading her into the ambulance for the trip to Stephens Memorial Hospital. The victim, Lois Smith, 73, of South Meriden, Conn., was admitted for observation, suffering from fractured ribs, cuts and bruises. Bethel Ambulance personnel noted that Ms. Smith was wearing her seatbelt and that probably saved her from more severe injury.

THIS CONNECTICUT STATION WAGON ran straight into a utility pole on Rte. 2 Monday shortly before noon. The driver, Joseph Galko, 68, of Wallingford, Conn., was already dead when Bethel Ambulance personnel reached the vehicle. The nursing supervisor at Stephens Memorial Hospital, where the body was taken, said the apparent cause of death was a heart attack prior to the crash.

There were no skid marks at the accident site. A passenger in the car, Lois Smith, 73, of South Meriden, Conn., was taken by Bethel Ambulance to Stephens Memorial and admitted for observation. The downed power pole disrupted service to the Sunday River area most of the afternoon, as well as a momentary interruption in the village area.

Bethel Library notes

Summer activities at the Bethel Library wound up last week. Thanks to Persis Post, children in kindergarten through fourth grade were entertained with stories, song, and crafts. "Friday Flicks," the children's film series, was again a popular draw for children (and their parents). The library's regular Preschool Story Hour will be starting again on Sept. 4, from 10-11 a.m. Children aged 3-5 are welcome; mothers may wait downstairs, reading or browsing, during the hour.

The staff at the library was fortunate to have two young volunteers helping out this summer: Cheri Myers (11) and Karen Wheeler (7). The following is Karen's account of her summer experience: My summer has been fun helping out at the library. It's been extra fun running errands, like the time I went to Gould, and the time to ask Jack Chapman if he would trim the library hedges. I do very important jobs like check the book drop, and put books away, and stamp the discarded books and sort huge stacks of cards. —Karen Wheeler, aged 7.

THIS WEEK AT THE Moses Mason House

The 1986 Endowment Campaign moved toward reaching the \$5,000 level this week with the following helping the effort to reach the \$5,500 goal: Mary Lou and Andrew Cole, Norwood, Mass., in memory of Eva Chapman and Julia Cole; Ruth Wight, Bethel; Joanne Mooney, Ottawa, Ont., in memory of Maurice Kendall; Herbert H. Morton, III, Andover, Mass.; Lee and Virginia Hutchins, Bethel. Much appreciation is due these individuals for their support.

Society Director Stanley R. Howe spent two days at Acute Mountain Resort in Brownsville, Vt., this week attending seminars and other presentations dealing with the topic "New England and the Constitution." Director Howe will be a discussion leader for a six part discussion program being offered throughout New England in the fall of 1986 and during 1987 to commemorate the bicentennial of the U.S. Constitution. Topics to be discussed include "Shay's Rebellion and the Gathering Crisis," "Transformation of New England Society

1776-1800," "Creation of the Constitution," "New England Responds to the Constitution," "Invention of Republican Womanhood: Women and Family in the New Nation," "The Constitutional Period: Did It Make a Difference." Bethel will be one of the first communities in Maine to be offered the opportunity of learning more of this important era in our history. Sessions will begin Sept. 24 in the Bethel public library.

Newest members of the Bethel Historical Society include Helen R. Staley, Pasadena, Md.; Earl Lamoreau, Jr., Litchfield; Lois Leavitt, Gorham, N.H.

All members and friends of the society are reminded that the annual meeting will be held on Thursday, Sept. 4, in the meeting room of the Dr. Moses Mason House. Reports will be heard and officers and trustees elected. The program will feature a wide variety of slides of old photographs made since the last annual meeting as well as views of society activities during the past year. A potluck supper will be held prior to the 7:30 business meeting. Anyone attending should bring a hot dish, salad, or dessert. Anyone interested is welcome to attend.
